

## Season 2021 SOURCE™ Corn Performance Promise

### PROGRAM OVERVIEW

- This program is for SOURCE Corn.
- An eligible grower purchases SOURCE<sup>1</sup> Corn and applies a minimum of 4 gallons of SOURCE Corn in Season 2021 (732 acres at labeled rate and timing).
- Grower may apply SOURCE Corn as a yield enhancer - maintaining their current nitrogen application practices or as a nitrogen optimizer - reducing nitrogen application by up to twenty-five pounds/acre in the areas treated with SOURCE Corn.
- Sound Agriculture offers financial refund up to 1x return if Return on Investment (ROI) from increased yield and nitrogen savings does not offset the price paid by the grower for the product.
- Cost per pound of nitrogen fertilizer is based on \$0.40/applied pound.
- Value of yield is determined by the difference between treated and non-treated (within each field) yield/acre multiplied by the 2021 crop insurance price (average of CME Group Dec '21 corn futures during February 2021)<sup>2</sup>.
- A claim requires a grower to provide agronomic data to qualify.
- The claim submission deadline is January 31, 2022.
- The maximum payout/acre for the Performance Promise is the \$/acre paid by the grower for SOURCE Corn.

### **SOURCE Corn works and we stand behind that promise.**

When you buy and apply 4 or more gallons this season (732 acres), you will achieve a return on investment equal to or greater than the price of the product or we will refund the difference.

Please contact your Sound Agriculture Representative for full program details.

<sup>1</sup> Sound Agriculture reserves the right to limit the number of years a grower can participate in this program.

<sup>2</sup> Additional \$/acre yield calculator is based on an average of the field-by-field analyses. The corn price calculation will be the current year 2021 corn-crop insurance price (average of CME Group December 2021 futures during February 2021).

<sup>3</sup> Proof of purchase must be an original invoice detailing volume and price of SOURCE Corn purchased and date of purchase.
